Developing a responsive website for searching residential and commercial properties in India.

- Improved problem-solving and debugging through practical mini-projects.
- Gained hands-on experience in writing clean, efficient, and well-documented code.
- Developed simple Python scripts for automation and data handling tasks. Applied core programming concepts like loops, functions, and file handling

Projects

FitVerse Gym Website : Nov 2025 - Present

HTML, CSS, JavaScript And NODE.JS

- Developed a responsive gym information website (PulseFit) using HTML, CSS, and JavaScript with a Node.js + Express.js backend. Features include dynamic equipment details, warm-up guidance, and safety tips with search and filter functionality.

Real-Estate-website : Oct 2025 - Present

https://realestatewebsitebydarshan.vercel.app/

HTML, CSS, JavaScript And NODE.JS

- Developing a responsive website for searching residential and commercial properties in India. The site enables users to buy, sell, and rent via an intuitive interface. Built using HTML, CSS, and JavaScript, with a focus on clean layout, property-listing visuals, and user-friendly navigation. Organized listings with clear visual presentation (images, property type, status) and intuitive navigation to enhance user engagement.

Element Core - E-commers : Aug 2025 - Present

https://quantumbuildbydarshan.vercel.app/

HTML, CSS, JAVASCRIPT, NODE.JS And SQL

- Element Core is a PC Hardware E-commerce Website. A responsive web platform built using HTML, CSS, and media queries, allowing users to explore and build custom PCs. From powerful CPUs to advanced GPUs – everything adapts perfectly to any screen size. Implemented a green–black tech-themed color palette for a professional and futuristic look.

Personal Portfolio Website : Jan - 2025

https://personal-portfolio-inky-zeta-69.vercel.app/

HTML, CSS And JavaScript

- Built a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and contact details. The site includes smooth navigation, animated elements, and a modern UI to create a professional online presence.
